PRINCE^{BC}
GEORGE

I would like to welcome the student athletes, coaches, parents, guests, and out of town visitors to the 2024 BC Secondary School Gymnastics Provincial Championships being hosted by Prince George Secondary School. I hope all visitors and spectators to our school and community will experience the best of these student athletes throughout the events and that everyone feels welcomed into our Prince George community. Thank you to Mrs. Maizie Bernard, the organizing committee, and the volunteers for the countless hours you have committed to preparing for this competition. Join us in showcasing the many hours of training and commitment these athletes have dedicated in preparation for this special event. Best of luck to all participants and may the spirit of competition bring you both team and personal achievements. Welcome to the Gymnastics Provincials!

Randy Halpape
PGSS Principal

Welcome

Schedule

Sunday, February 25 th	
Time	Events

Judges

2024
BCSS Provincials

Maizie Bernard, Nicky Carroll, Ben Cleroux, Conner Edgson, Carol Garcia, Erin Hipkiss, Colleen Kaminski, Jade Kotzer, Lisa Laundry, Adriana Schemel, Jenn Watt, Chris Sheremeta, Thorstein Fischer

Greetings everyone!

I am very excited to be attending the BC Secondary Schools Gymnastics Championships in Prince George this year. I want to thank Maizie Bernard, Championship Director, and her team of dedicated volunteers for organizing what I am sure will be a fantastic event.

Thanks must also be given to the many sponsors, local businesses and individuals that have been incredibly generous with financial and in-kind donations to make this event possible. We wouldn't be here without their support.

The BCSSGA Board of Directors, Zone Representatives, and volunteers work diligently to support the organizing and hosting of zone and provincial championships each year. It is at these events that we all see the collective achievement of the student athletes.

To the athletes, I wish you good luck in your competitions. I hope you leave these championships with fond memories and new friends.

To the coaches, chaperones, and judges, enjoy this celebration of student growth and the sport of gymnastics.

Finally to the parents, I know you will enjoy watching your child compete. Cherish the experience.

All the best,

Terry Mitruk
Chair – BC Secondary Schools Gymnastics Association

Welcome to the beautiful unceded ancestral lands, culture and people of the Lheidli T'enneh, McLeod Lake Indian Band and Simpcw First Nation. We are honoured to be hosting the 2024 BC Secondary School Provincial Gymnastics Championships in Prince George this year. Thank you to all the schools, parents and coaches around the province for making opportunities to train and compete in high school gymnastics possible. Special thanks to the PGSS administration, athletic director, and staff for being so supportive of high school gymnastics in this year of uncertainty and rebuilding. Thank you to my family and the amazing team of volunteers on the local Championship Organizing Committee who have contributed their time, energy and expertise over the past several months to make this event a success. Finally, thank you to all the volunteers who have stepped up to help out during the championship. We could not do this without you! Best of luck to all the competitors, I hope you have an amazing experience in Prince George!

Maizie Bernard
2024 Championship Director

Louise Chesley began her gymnastics career at Delbrook High School (North Vancouver) in 1958. She would go on to become BC Champion, an Olympian (Rome, 1960), and a silver medalist at the 1962 Pan American Games in Texas. She founded the Flicka Gymnastics Club in North Vancouver. After graduating from UBC in 1965 as Valedictorian, Louise became the PE Department Head at Aldergrove Community Secondary School – a position she maintained until her retirement in 1999.

In the early years, after running a recreational gymnastics and trampoline club, Louise’s athletes began to compete and achieved regional, Western Canadian and National results. When Charlie Nash restored BC High School competitions in 1981, Louise again took up the challenge. Annually, she organized the Langley District, Upper Fraser Valley, and on occasion, the Fraser Valley competitions. Each year, the girls and boys Aldergrove teams qualified for the BC Finals and proved to be strong contenders, winning many awards.

Louise was also a long standing member of the BCSSGA Board of Directors as well as on the Fraser Valley Executive. She was acknowledged as one of the first recipients of the BC Sports “Lifetime Achievement Sports Award.” However, the achievement that she most cherished was the naming of the Aldergrove School Gymnastics Gym in her honor, where a plaque is there today that recognizes her 33 years of dedication to her athletes. There is also a \$900 scholarship in her name that continues to be awarded to a student recognizing their community or school sports involvement.

Apart from all the awards and accolades, Louise’s philosophy never wavered. Winning was good but personal achievement of the athletes was paramount. She never turned away an enthusiast, no matter how challenged, and she always encouraged each individual to be the best they could be – athletically, academically, and more importantly, in the pursuit of a positive lifestyle that many had never before envisioned. Because of her legacy, Aldergrove gymnasts have become better people and a tribute to her complete coaching/mentoring system. They will remember her and she will be missed. This bursary in her name is a memorial to the epitome of gymnastics excellence. To all destined to emulate Louise Chesley’s example: “Follow your dreams”.

The BCSSGA is proud to provide two \$250 bursaries to deserving student-athletes in grade 12.

2023 Louise Chesley Bursary Recipients

David Wu, Moscrop Secondary, Burnaby
Kathleen Lac, Moscrop Secondary, Burnaby

In 2016, the BCSSGA began to recognize the contributions of its longest serving members in honour of their years of service. None of us would be here if it weren’t for their contributions for over 10 years in many of the following areas: coach or sponsor teacher, Zone Representative, BCSSGA Executive Committee member, organizer for a Provincial Championships, Judge, mentor for young coaches and judges. This award is not given every year. We continue to be thankful for the contributions of the following individuals:

CITY OF
PRINCE GEORGE

Women's Artistic Gymnastics (WAG) Events

Vault: The vault should have both height and distance, as well as good form from the springboard through to the landing. Competitors vault twice and the best score is counted.

Uneven Bars: The routine should be continuous, with movements flowing one into another. Swinging movements, in sequence, take the gymnast under and over the bars in both directions. Positions of support, standing or sitting should be momentary.

Balance Beam: The 16 ft long, 4" wide balance beam requires great concentration and discipline from the athlete. The composition of the routine should include combinations of turns, jumps, steps and leaps, tumbling, and dance.

Floor Exercise: Dance and tumbling ability, combined with the creativity and personality of the athlete, all performed to music, make floor one of the most popular of the gymnastics events.

Men's Artistic Gymnastics (MAG) Events

Floor Exercise: The floor exercise includes a variety of tumbling, turns, acrobatics, balances, and momentary pauses. Sequences should be original and reveal the strength, agility, control and personality of the athlete, all with correct form and execution. Unlike the women, the men's floor exercise is not performed to music.

Pommel Horse: Swings, scissors, circles, and flairs, both forward and backward compose a routine on the pommel horse.

Still Rings: A routine on the rings will vary between strength elements, hold parts, and swinging movements, all without swinging the rings.

Vault: The men's vault is judged on form, execution, height, distance, and control, all based on the difficulty of the vault performed.

Parallel Bars: The routine consists of swinging, flight and strength elements. Form and execution must be maintained throughout while displaying strength and control.

Horizontal (High) Bar: Swings, circles, "in bar" elements, and release moves. As in every event, control of form and execution are a must.
